

Your Sourcing Partner in China

About us[□]

Maxx Access Ltd., Provides advisory, sourcing and procurement services in hospitality product from China and export these products to your destination site.

We provide a full spectrum of products sourced directly from various factories in China, These products cover the wide range of hospitality construction & building materials, furniture, furnishing operation supplies & various equipments. Offering the most pragmatic, client-orientation approach to hospitality sourcing, we do it with an emphasis on regular-reporting of product quality at all stages of manufacturing and at the time of export.

By diligently reviewing design specifications, we recommend you various suitable manufacturers to chose from and to implement the designs within projected costs and time scheduling. Interests of the project paymaster being supreme, we assist you in all ways to create a unique hospitality project.
